

Feedback Analysis Report – 2018-19

Feedback Analysis Report for 2018-19 on the basis of feedback collected in 2017-18

Stakeholder wise Point of Satisfaction

Students Feedback

- ✓ Strong improvement in career clarity, discipline, and professional behavior.
- ✓ High ratings for practical exposure (projects, internships, case studies).
- ✓ Good development of leadership, teamwork, and communication skills.

Alumni Feedback

- ✓ Curriculum helped bridge theory with practice.
- ✓ Alumni appreciate values, ethics, and professional discipline inculcated.
- ✓ High satisfaction on teamwork, leadership, and resilience.

Parents' Feedback

- ✓ Notable growth in wards' managerial skills, discipline, and rational decision-making.
- ✓ Parents observed clear improvement in resilience and ability to handle pressure.
- ✓ Satisfaction with holistic development and career goal clarity.

Employer Feedback

- ✓ Graduates strong in analytical, critical thinking, and application of theory.
- ✓ High on ethics, discipline, communication, and teamwork.
- ✓ Employers see them as adaptable and good at problem-solving.

Faculty Feedback

- ✓ Curriculum up-to-date and provides in-depth content.
- ✓ Bridges theory and practice effectively.
- ✓ Strong in holistic development and real-life business application.

Stakeholder wise Point of Improvement

Student feedback

- ✓ Some concern on adequacy of infrastructural facilities (classrooms, library, digital labs).
- ✓ Scope to further enhance innovation and creativity.

Alumni Feedback

- ✓ Some feel infrastructural facilities during their time were limited compared to current students.
- ✓ Alumni suggested more emphasis on innovation and creativity in problem-solving.

Parents' Feedback

- ✓ Some concern on adequacy of infrastructure facilities during their wards' study.
- ✓ Scope for more structured exposure to industry-led innovation.

Employer Feedback

- ✓ Some gaps in decision-making under pressure.
- ✓ Leadership and innovation at workplace could be enhanced further.
- ✓ Few respondents noted industry preparedness can still improve.

Faculty Feedback

- ✓ Faculty feel creativity and innovation can be pushed further.
- ✓ Infrastructure support, while good, can be more optimized.
- ✓ Professional values and ethics integration can be deepened.
