Woman Safety Awareness at PIBM Pune Campus by Paud Police Station

Pune: Women has a new shield to protect themselves from mischief-mongers this year - a smartphone app. Launched by Pune police commissioner K K Pathak, the cellphone application - ASK-Social - will help women call the police control room and relatives in times of distress tapping on its icon. The Pune police designed it in collaboration with Shashank Despande of Unique Guard India Private Limited here.

The event was a successful one with the authorities present at the campus.

Using Classroom Plus and how it is beneficial during Covid

Classroom Plus is a Learning Management System developed by the inhouse Tech team of PIBM. We have been using Classroom Plus since 2016. During th tough times of covid, when every other college was struggling to even continue, we had a very smooth transition from offline to online and were adapted to change in a day itself. This Learning Management System not just helps us to conduct classes online but also in conducting exams, submitting assignments and even in evaluation. A must have tool for every college and it is the need of the hour.

On the historic day, we at PIBM celebrated 71st Republic Day of India. Our respected chairperson Sir, Mr. Raman Preet sir lit the lamp and offered prayers to our respected freedom fighters followed by hoisting of the Indian flag.
