Date: - 17th October 2023

NOTICE - CMIE Industry Outlook

Dear Students,

We hope this message finds you well. We would like to inform you about an important update regarding the accessibility of the CMIE Industry Outlook.

Recently, our institution has been making extensive use of the CMIE Industry Outlook, which has proven to be an invaluable resource for research and analysis. However, due to our high usage, we have exceeded the annual limit of 15,000 hits set by CMIE for our subscription.

We promptly reported this issue to CMIE, and we are pleased to announce that they have been responsive to our request. We are delighted to inform you that **CMIE has extended our hits limit, and as a result, the CMIE Industry Outlook is now fully accessible again.**

Asst. Director

Pune Institute of Business Management
