Home

The **Pune Institute of Business Management Pune**, Library is automated. The Library is located on 3th floor. There is a collection of books around **26,881** and 400 CDs/DVDs free with books & magazines. The Library has pleasant environment and a well-lit hall of capacity to accommodate around 120 students at a time. The Library has a rich collection of around 18 national journals 15 periodicals and also subscribed 4 online databases for users. Summer Project reports of past 5 years are made available for reference. The Library made availability of multimedia facility for users where they can view audio visual resources, access e-journals any time in the library.

The library has created the library website to achieve its aims & objectives. Remote access to the subscribed databases is given for better knowledge dissemination.

Library Automation

The Library uses **SLIM 21** software package which is an integrated multi-user Library management system that supports all in-house operations of the Library. The SLIM 21 consists of modules on acquisition, cataloguing, circulation, serial control, utilities and OPAC. Retrospective conversion of bibliographic records has been completed and more than 26,881 bibliographic records of books available in the library can now be accessed through the SLIM 21 OPAC. The database of books available in the Library is being updated on day to day basis with details of recently acquired books. Records of all the Library patrons have also been created in the SLIM 21 software.

IT Infrastructure

PIBM Library is a part of the wide network built around a fiber optic Ethernet backbone comprising of five routing switches. The library is connected to the backbone through one of the routing switches. Library is connected to 100 mbps of Internet band width on leased links. The Digital Library has 14 PCs and other accessories adequate to cater to the needs of users. PCs are meant for users to access OPAC, databases, e-books, e-journals and other e-resources. Currently the reading areas in the Library have Wi-Fi enabled to provide wireless access to the Internet. Users are welcome to use their laptops in the Library. Also all 14 PCs are connected to links of NPTEL video lectures, which includes approximate 12,000+ video lectures for students and faculty members. Apart from above 14PC's library is having 4 more computers exclusively used for library administrative work.
